Member, Board of Revenue and Commissioner of Land Revenue
Excise and Prohibition.

REFERENCE:-

The Board invites the attention of the Government to para 1 of their order cited in which they have directed that the Sub Inspectors and Petty Officers will be trained for one year, in instalments of 6 months, with an interval of practical work in the ranges and the Guards will be trained for 6 months, in instalments of 3 months, with an interval of practical work in the ranges. The Principal of the College considers that the progress of recruits should be at an even keel and cannot be interspersed with periods of independent official responsibility and that the entire period of training should therefore be continuous. The Deputy Commissioner of Prohibition (Enforcement too considers that the training should be at one stretch, since the Police methods are followed. The Board is instructing the Principal of the College to give the training in one stretch. The Board requests that the Government may be pleased to approve its action.

2. The college term will be brought into line with that of the Police School next year when the term can be reduced slightly for that purpose. That would also be easy as the next batch will not be raw recruits. All the untrained sub-Inspectors, Petty Officers and Guards who are over 40 years will be trained next year so that when the Police take over enforcement work they may not oust old officers and men on the ground that they are untrained and so unfit.
